

Product Data Sheet

TPE CORNER Accessories

Axter TPE external and internal corners are designed to make the installation of bitumen waterproofing membranes at corners and edges of roofs easier and quicker. They also provide excellent, robust waterproofing and an aesthetically pleasing result.

Key benefits

Fully compatible with SBS and APP bituminous membranes

Simplifies installation of waterproofing at corners and edges

Provides robust waterproofing and excellent resilience to the elements

The elasticity of the material TPE corners are made from ensures long-term watertightness. The TPE corners are resilient to deterioration caused by the sun, other elements and chemicals normally found in the atmosphere.

The material also allows for excellent flexibility, even at low temperatures, which ensures mechanical and physical properties are maintained over time.

Packaging:	Box of 50
Colour:	Black

TPE External Corner L95

D=95mm
h=95mm

TPE Internal Corner L95
