

Furlong Flooring

First choice flooring for every room

“Nothing compares to working with Furlong.”

Bay Carpets is a fast-growing business based in Kent. Founded in 2017 in a small unit in Dymchurch, the company outgrew itself in just a year and so upsized its showroom by moving to a dedicated location in New Romney.

Although the business itself is relatively new, founders Josh, Mark and Sam have more than 50 years’ combined experience in the business and wanted to build a new business that gives customers the best possible quality and value for money. The company supplies both domestic and commercial flooring and is a traditional family business where every customer matters.

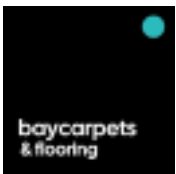

Bay Carpets has been stocking Furlong Flooring products since 2019 and love the fact that we supply all types of flooring at great prices, and with our well-established customer service commitments.

For a recent new-build project, for example, Bay Carpets’ customer chose our popular Chiltern Highlights range, a great carpet for both quality and affordability. Available in a range of neutral tones – the customer chose ‘Risotto’ – this carpet is bleach cleanable and comes with a 7 year warranty.

“Our customer really wanted a natural look throughout her new property. She needed flooring that would be good

quality, look fantastic in her home but not cost a fortune. Out of all the carpet and LVT ranges she looked at, she felt that these went really well together and were exactly what she was looking for

”
The customer also chose our Sirona Dryback LVT flooring in Evergreen Oak. This is also a great choice. With authentic wood patterns and great heat and sound insulation, and being warm underfoot, LVT is becoming increasingly popular with homeowners.
