Why choose Furlong Flooring?

Outstanding quality, unbeatable choice, something for every budget. At Furlong Flooring, we are committed to being the leading UK-wide supplier of all types of flooring, giving you a one-stop-shop experience backed by our quality and service promises.

Manufactured in the UK

More than 95% of our carpet ranges are manufactured by us in the UK. That means you can be confident about the quality of our products and the reliability of our supply chain. This manufacturing control also allows us to develop innovative products and solutions that improve fitting quality and carpet life, giving you even more value for money.

Our hardwood, laminate, LVT and vinyl flooring is all carefully sourced from respected suppliers who have to meet our stringent criteria, including environmental

regulations and stock levels. We build great relationships with our suppliers, and we're constantly expanding our ranges to make sure our customers have the choice and quality flooring they demand.

And we control everything in-house. Our fully-stocked warehouses are based around the UK so we can deliver quickly to your door. And talking of delivery, we run our own fleet of vehicles with fully-trained drivers, so you can be confident your flooring will arrive quickly and safely every time.

Deliver to your door on-time, every time

Work towards zero product faults

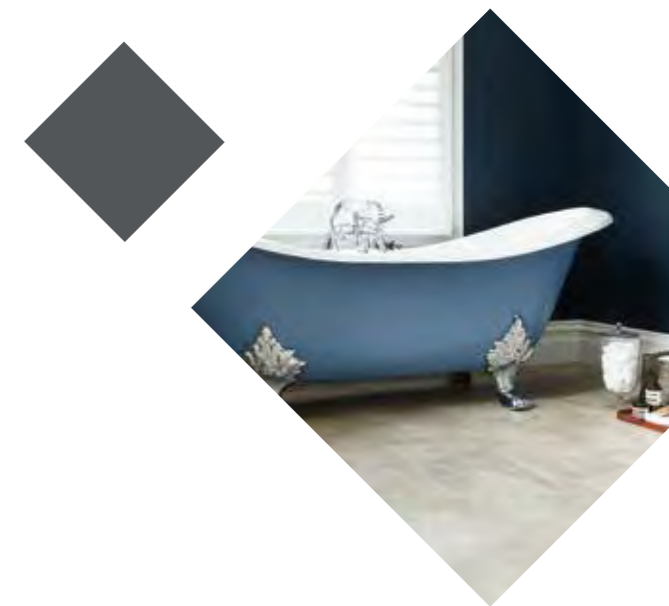

Largest range of stock for preferred day of delivery

Respond immediately to your enquiries

Find exactly the right flooring for your customer

- Give your customers everything they need with full ranges from a single supplier
- Flooring for every room, style and price point
- Help your customers floor their entire home with stylish, affordable products
- Sell trends, comfort, lifestyle and everyday living

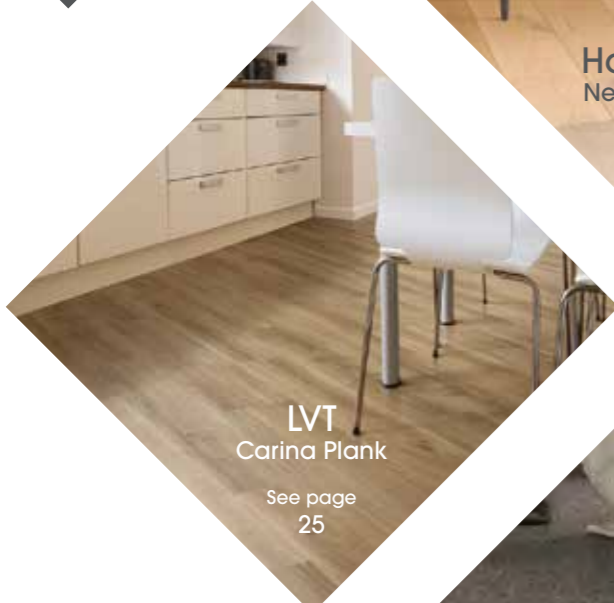

Hard-wearing flooring for busy lives

Floors are subject to wear and tear every day. We go in and out of kitchens, bathrooms, bedrooms and living rooms and up and down the stairs more times than we can count.

Easy-care flooring for **every day living**

Robust. That's the type of flooring you need to cope with everyday wear and tear.

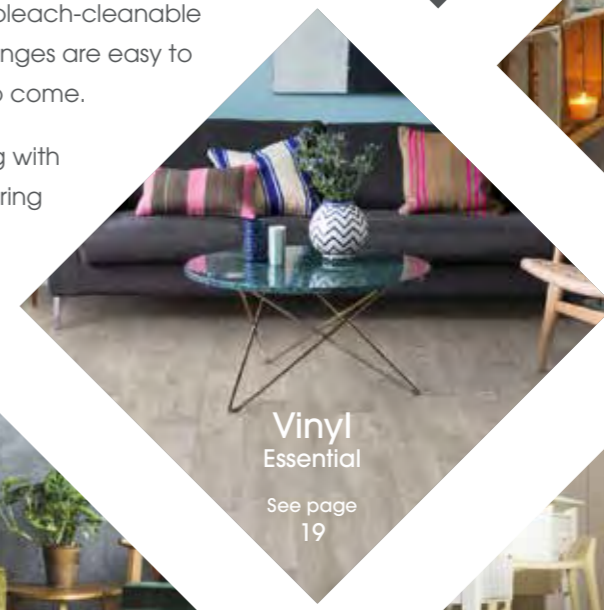

And that's what you get from our full range of hard-wearing, hard-working flooring. Our carpets are bleach-cleanable and moth proof. And our non-carpet ranges are easy to look after and will look great for years to come.

One of the reasons people love working with us is because we've made sure our flooring is easy to care for and comes with the vital warranties that give peace of mind to all your customers. In fact, our warranties are industry-leading because we're completely confident about the quality of our everyday flooring.

Our Natural Collection

Renaissance

Made from 2 ply, carefree yarn, these natural look twist carpets provide a cost-effective alternative to wool with the added benefit of being easy to clean.

Henley & Marlow

The perfect alternative to wool, these loop carpets look and feel like a luxury wool carpet, and yet are moth proof, easy to clean and don't pill.

We're welcoming new additions to our Natural Collection carpets, designed to perfectly complement natural colours and bring the outdoors into the home. Our Natural Collection features a variety of on-trend colours and natural looking carpets to freshen up any room.

Two of our best-selling existing ranges, Elegance and Serenity, are already part of this collection and are now being joined by two new loop carpets and a new twist carpet.

This gives a fantastic range of choice and quality across this collection ensuring customers can find the carpet that fits their budget and decor style.

Feature Range
Henley & Marlow

Henley & Marlow offer an easy-care wool alternative. The two affordable design options bring the benefits of wool-like design and feel but with moth resistant and easy to clean qualities.

Twists

Our comprehensive twist collection blends contemporary styles and high quality finishes.

Ideal for most areas of the home, our twist collection covers everything from single and 2-ply yarns, action back and Combi-bac® backing, plain and heather colourways and lustered and de-lustered finishes, meaning there is something for everyone at every price point.

Feature Range
Trident

Our market leading twist carpet has been relaunched and offers an improved specification and colourbank. Featuring our combi-bac technology and carefree yarn, the 2-ply, 1/10 gauge construction now meets a class 33 wear rating making it a perfect choice for the busiest homes as well as demanding commercial applications.

Loops

When budget is the top priority, our loop pile carpets offer amazing value without compromising on style or substance.

Constructed using high and low loops, all our loop decors are stain-resistant and family friendly. Easy to clean and maintain, these carpets are perfect for every room in the home.

We offer loop pile carpets at two distinct price points. Our ranges are Atlas, Mali, Dakar, Oasis, Sahara and our new Henley & Marlow natural loops.

LVT

- Manufactured in certified eco-friendly facilities
- Made from up to 50% recycled material
- Hard-wearing and easy to fit
- High stock levels and next-day delivery
- Available across all price points
- Perfect for home and commercial spaces

Our LVT collection comes in three ranges of tile and plank decors with the addition of on-trend herringbone decors in both Carina and Aurora.

Sirona with a 0.3mm wear layer can be retailed under £20 and Carina offers an improved 0.55mm wear layer and is suitable for the most demanding domestic and commercial applications.

Like the click ranges, there is a registered embossed range in Aurora which is our most popular LVT product.

Feature Range

Aurora

Aurora designs are 'embossed in register' for an authentic, natural feel with grooves that follow the lines of the wood.

With an improved wear layer of 0.55mm, Aurora is scuff, stain and scratch resistant – perfect for day-to-day life.

RANGE	NUMBER OF COLOURS	WIDTHS	LENGTH	THICKNESS	WEAR LAYER	SUITABILITY
Sirona	12 plank 4 tile	163mm plank 329 mm tile	988mm 659mm tile	2.0mm	0.3	Class 23 - Heavy Domestic Class 31 - Light Commercial

First for the details: **Our leading technologies**

Being a first choice supplier isn't just about our fantastic flooring range. It's also about the innovations and technologies that we develop to make life easier for buyers, fitters and owners.

Take a look at our latest technologies and how they can help make your flooring choices even easier.

Flex-pro

Our unique underlay system for dryback LVT allows installers to lay LVT onto new-build anhydrite screeds without grinding the resulting laitance. This means no more problems with dust or screed failure.

Moth-proof

There's no need to worry about moth damage to our carpet ranges. We use fibres and treatments that are fully moth-proof, so you get a wool look and feel without any of the downsides.

Combi-bac®

Combi-bac® is an engineered backing material that reduces delamination, improves carpet appearance and makes fitting faster and neater. Developed to deliver strength, stability and flexibility, and with an adhesion factor that's six times stronger than conventional backings, Combi-bac® is fast becoming the go-to backing for all our carpets.

Felt-back vinyl

Our felt-back vinyls provide additional acoustic insulation which makes them suitable for all homes.

They are particularly suited to new-builds as they allow moisture to move freely, ensuring it doesn't get trapped and cause nasty smells.

Bleach-cleanable

The fibres we use in our carpets are designed to be resistant to stains and easily cleanable. We also use UV stabilisers to reduce the problem of sun damage. That's one of the reasons our carpets come with such great warranties.

First choice for tools and service

We have a range of useful tools, point-of-sales aids and technology to help you and your customers choose, sample, order and fit flooring throughout their homes.

Website

Our website showcases our full product portfolio, with all our ranges, styles, decors and technical information available at the click of a button. There's also a helpful inspiration tool so you can guide your customer to a flooring solution that meets their needs.

Point of sale

Our new, stylish point of sale stands not only look great in-store. They also organise all our flooring types logically, making them easy to access, easy to show to your customers and easy to sell.

B2B online portal

All our customers get exclusive access to our B2B portal which enables you to see all of our stock levels and place orders quickly and seamlessly with your customer sits next to you.

Great stock levels

We hold stock in our warehouses around the UK, so stock is always available for you. In most cases, we can deliver next day, and even when we are required to order stock in, turnaround time is fast.

In-house delivery team

All your flooring is delivered by our own team of trained and dedicated drivers. They know how to handle the flooring and are a key factor in our quest for outstanding customer service.

Find a retailer

Our website includes a handy 'find a retailer' option where customers can find you by typing in their postcode for a list of the nearest Furlong Flooring stockists. All our retail customers have the option to be added to this tool.

Account managers

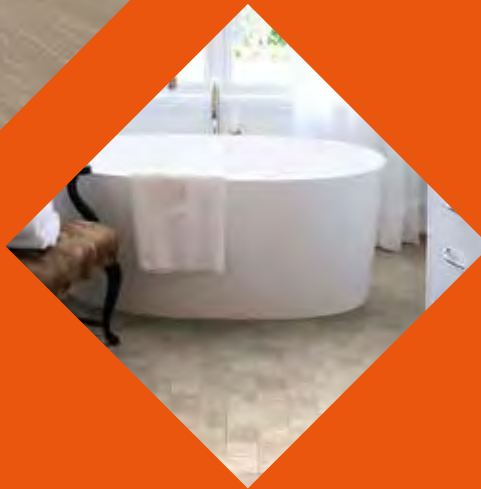

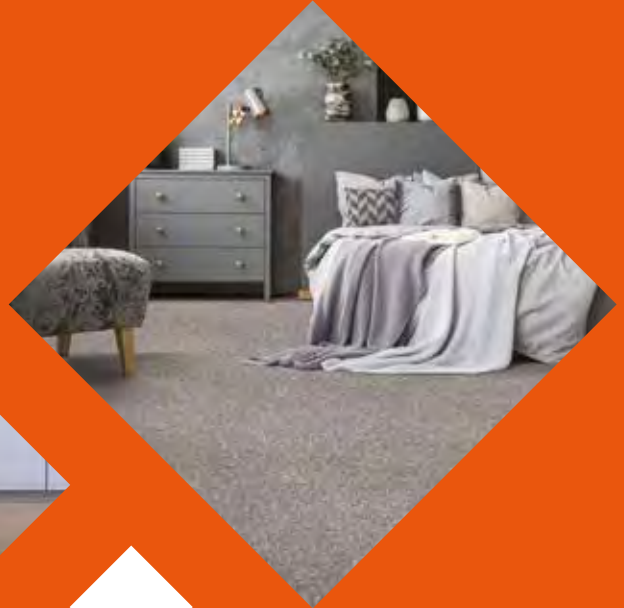

We run a full sales and accounts team which means you have a dedicated account manager who will get to know you, your business and your customers. This helps to make sure you have access to the right products and accessories to help you build your business.

We are proud to announce that we have recently won Interiors Monthly award for **Best Customer Service** (flooring).
