## POLYESTER

### *Practicality and sustainability*

Recycled polyester carpet offers a smart balance of comfort, durability and environmental responsibility for today's homes. Made from recycled materials while delivering the soft feel and rich colour homeowners expect from modern carpet.

Designed for everyday living, the carpet maintains its appearance over time while offering long-lasting comfort underfoot.

Naturally resistant to moisture, recycled polyester fibres help prevent stains and odours and are easy to maintain in busy households. You don't have to choose between practicality and sustainability.

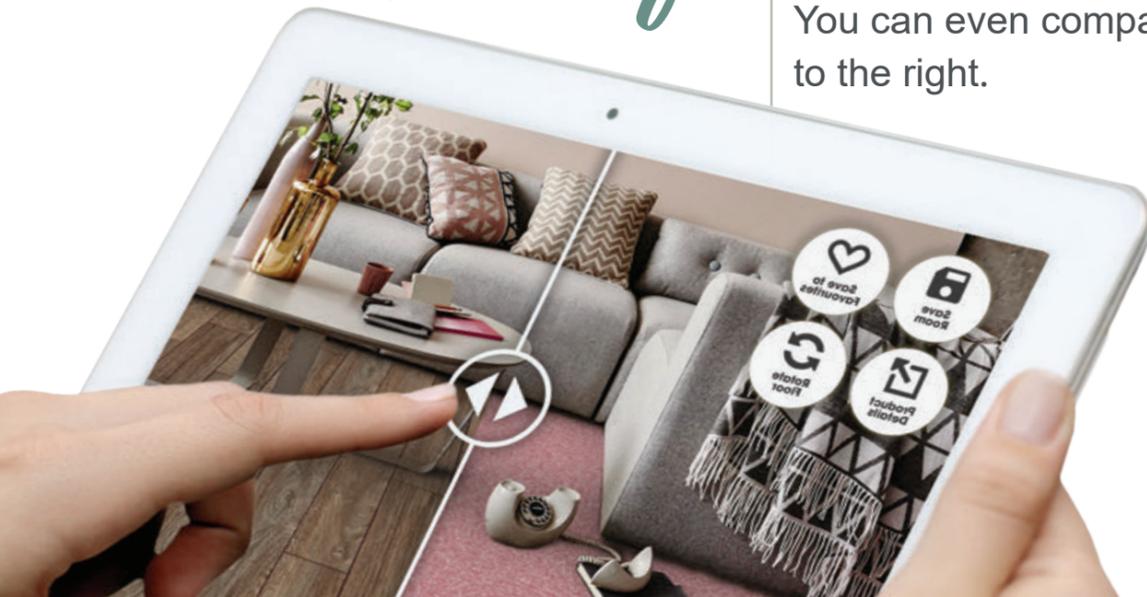

Invest in your living space and the environment with Perfect Polyester carpet.

# Bring your flooring vision to life

Our Room Viewer is a cutting-edge online tool designed to revolutionise the way you choose flooring options. This innovative technology allows you to seamlessly visualise how different flooring styles would look in your own living spaces. By integrating a user-friendly interface, you can effortlessly select flooring options, capture images of your room, and superimpose their chosen styles onto the images.

The convenience factor is further elevated as this interactive tool is accessible both via our website and by scanning the QR code on the right.

You can even compare flooring choices as demonstrated in the image to the right.
