EXTREME

MEDITE®

tricoya®

BRING YOUR IDEAS TO LIFE WITH A REVOLUTIONARY MDF MATERIAL.

MEDITE TRICOYA EXTREME Durable MDF

is a groundbreaking construction material. It demonstrates outstanding durability and stability in the most extreme and challenging environments – exterior as well as interior, wet and high moisture applications.

The product uses proprietary acetylated wood technology and a modified fibreboard manufacturing process to create a wood panel with outstanding durability and stability.

MEDITE has led the market in technical innovation, and MEDITE products are recognised as the benchmark for quality, consistency and performance.

EXCEPTIONAL FEATURES EXTRAORDINARY BENEFITS...

DURABLE

Longer lasting, perfect for external and internal wet environments

SUSTAINABLY SOURCED

FSC® wood used from sustainable sources

DESIGN FREEDOM

All the design, fixing and machining flexibility of MDF

50 YEAR GUARANTEE

Peace of mind with a 25 year in-ground and 50 year above ground guarantee

RESISTANT TO FUNGAL DECAY

Effective barrier to fungal decay

LOWER MAINTENANCE COST

Extended periods between exterior coatings maintenance

ENHANCED STABILITY

Swelling and shrinking dramatically reduced

DESIRED SERVICE LIFE OF 60 YEARS

Independent testing by BRE shows an expected service life of 60 years for exterior use

PERFECT FOR COATING

Improved stability and durability enhances service life of the coating. Damaged coating will not effect the core

THE CONSTRUCTION KING

MEDITE TRICOYA EXTREME provides architects, specifiers and builders with an entirely new construction material, allowing great design flexibility and endless opportunities for creativity. Its light weight, good insulation and excellent machinability make it ideally suited to a wide range of uses - indoors and out.

PERFECT FOR CONSTRUCTION PROJECTS INCLUDING:

FACADES
SOFFITS
FASCIAS
CLADDING
SHUTTERS
BRIDGES
BALCONIES
SHOWERS
KITCHENS
BATHROOMS

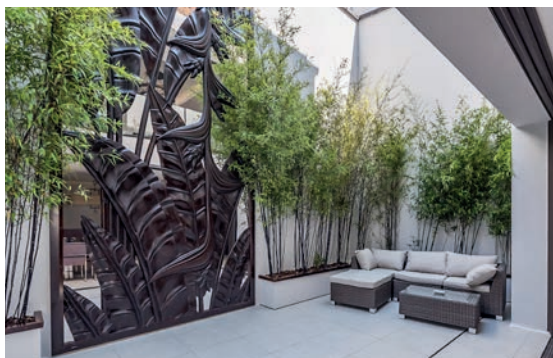

THE LANDSCAPING LEGEND

MEDITE TRICOYA EXTREME has been independently tested by leading institutes around the world and has demonstrated superior dimensional stability and class 1 durability, even in changing weather conditions, meaning it may now be used in situations and applications where normal wood panels cannot.

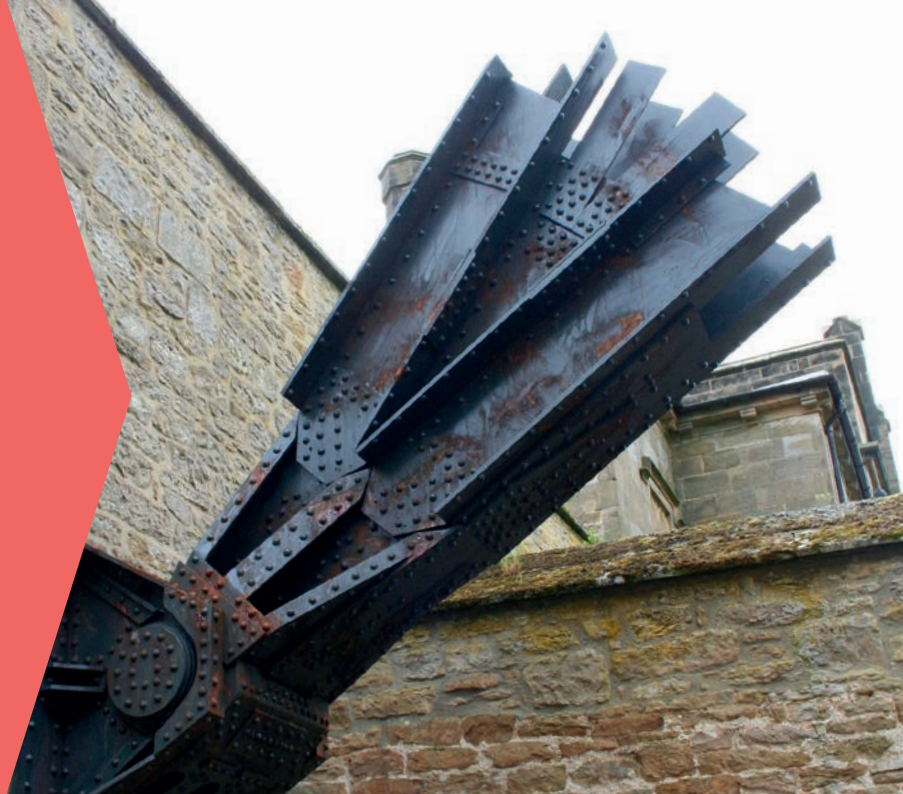

PERFECT FOR LANDSCAPING PROJECTS INCLUDING:

PLANTERS
OUTDOOR KITCHENS
GARDEN HOUSES
FURNITURE
WATER FEATURES
PLAYGROUNDS

THE CREATIVE CRUSADER

MEDITE TRICOYA EXTREME can be cut, coated, coloured, sanded, glued, machined and fastened the same as any other high performing fibreboard – allowing users all the freedom normally associated with traditional MDF but in extreme applications.

PERFECT FOR CREATIVE PROJECTS INCLUDING:

SCULPTURES
INSTALLATIONS
SIGNAGE
DOORS & JOINERY
RENOVATION
TRELLIS

IMAGINE ANYTHING!

The sheer versatility of **MEDITE TRICOYA EXTREME** is demonstrated perfectly by the sculptor Alexander Devereux who uses the material to create stunning outdoor art installations.
