

Telereal Pension Plan
Implementation Statement
Year Ending 31 December 2023

No changes were made to the Plan’s Statement of Investment Principles (SIP) during the year ending 31 December 2023.

The Trustees have concluded that, for the year ending 31 December 2023, it has complied with its policy from the SIP relating to the exercise of rights (including voting rights) attaching to the investments.

As at 31 December 2023, the Plan did not hold any assets which required the exercise of rights (including voting rights).

In previous years, the Implementation Statements have also summarised the voting behaviour of the Plan’s investment managers and included details of the most significant votes cast and the use of the services of proxy voting advisers.

The primary purpose of the voting analysis exercise in previous years was to feed into the Trustees ongoing assessment of whether the investment managers used by the Plan remained appropriate. In previous years, if the assessment of the voting behaviour had identified material concerns, the ultimate sanction available to the Trustees would have been to move assets away from an investment manager.

Voting relates to equity investments and, following changes made to the investment strategy during the year ending 31 December 2023, the Plan no longer retains any equity exposure. Nor is there any intention that equity exposure will be reestablished in the future. Consequently, the Trustees have concluded that an assessment of investment manager voting records would no longer serve a useful purpose and therefore such an assessment has not been undertaken this year.

..... Date: 27 June 2024

Signed on behalf of the Trustees of the Telereal Pension Plan
